Rationale for Proposed Boundary Changes: Eaton expands along the southwest boundary to absorb a small portion of Oyster-Adams' zone and expands to absorb one block from Stoddert to improve walkability. Eaton's zone has few public school students and low in-boundary enrollment.

Proposed Geographic Destination Feeder Schools (Feeder Pathway): Anyone living in the proposed new boundary for Eaton ES is zoned for and has a right to attend Hardy MS and Wilson HS. Any student attending the school out-of-boundary has the right to continue in the feeder pattern to Hardy. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

Proposed Programmatic Destination School (Feeder Pathway): No programmatic feeder pattern proposed.
