Bridging technology, exceptional security
and an unparalleled design that is uniquely
DC and uniquely you

What You Need to Know

Effective July 17, 2023, DC DMV will launch a redesigned driver license and identification (ID) card, incorporating iconic DC landmarks and imagery. This new design, along with the current customer application process, incorporates updated security features to reduce identity theft. After applying, customers will receive a temporary paper license or ID card that is valid for 45 days. They should get a new credential by mail approximately two weeks from issuance.

Here Are the New Features

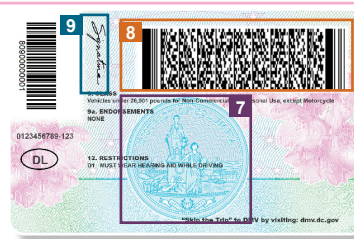

CARD FRONT - Over 21, REAL ID
